

AVARINO TSIPOURO

Avarino Tsiouro is a select distillate with rich, characteristic taste and aroma. The varieties we use in crafting our Avarino tsiouro come from Messinia's own terroir: Fileri, Chardonnay, Cabernet, and Merlot. Avarino has only fans who are captivated by the representative aromas of its varieties (citrus, peaches, and roses), its robust body, its explosive taste, and its lingering aftertaste. The pomace ferments under controlled conditions in our state-of-the-art distillery in a cutting-edge fractional distiller. Once distilled, it yields a clear, pure product of consistent quality. Avarino Tsiouro is now ready to become the companion of all your fun moments. Pair it with traditional Greek cuisine or serve on its own as a digestif after a great meal.
